Free Hebrew for Juniors provides **HUNDREDS** of Jewish children in public schools throughout Montreal, Laval and Dollard with a **weekly Jewish education**. For many of these children who spend their entire kindergarten, elementary and high school years in the public school system – *this will be their only Jewish experience and exposure!*

Throughout the year, the children learn to **enjoy, take pride** and actively participate in learning about their **Jewish identity, history, holidays** and the relevance of Jewish traditions and customs to their everyday life. **It is special moments like these that make an everlasting impression of Judaism to the children.** We ask you to consider supporting Free Hebrew for Juniors with a gift for the children!

*We have 500 children in our program that we need to subsidize!
Please consider in sponsoring a child!*
